2nd Major Fire In 6 Months Hits Mac's Market Here

"All we could see was a mass of swirling smoke with no flames visible when we arrived at Mac's Market in Monterey Heights last Sunday," Capt. Harry Alexander of the Lemon Grove fire department said this week.

He was describing the second major fire in six months at the market. Damage this time was estimated at $25,000 ($5,000 structural, the rest to contents) compared to $33,000 for the last fire.

"It was necessary for the firemen to make a forced entry into the building," Capt. Alexander continued. "We found the blaze at the rear of the store in the office area. We had it extinguished in 10 minutes."

Twenty men fought the fire. The Lemon Grove Fire Department got the alarm at 6:12 p.m. and didn't return to the station until 7:36 p.m.

Firemen used five working lines. Some 1,700 feet of 2½-in. hose was laid.

Cause of the fire was under investigation by Fire Marshall Raymond Carmody and Fire Chief H. S. Hensley.

Capt. Alexander reported that the contents of the market suffered heat and smoke damage. The department's powerful smoke ejectors were set up to quickly rid the structure of smoke. The market is at 1827 Englewood dr.

BALL OF FIRE SEEN

Kenneth K. Little of 8149 saw a strange sight on Nov. 25 at about 5 p.m. He saw a ball of fire go down the electric wire outside his house. The occurrence damaged the electric meter and fusebox.

Firemen had a scientific explanation when they arrived on the scene. They said the electricity rode the moisture down the wire after the wire broke.

Early on Monday of this week the neon light at the Broadway "X" at 7231 Broadway caught fire. Firemen said the flames had been extinguished when they arrived.

A 34-year-old Galveston, Tex. woman, Berneice Rockhill received emergency treatment from Lemon Grove firemen on Nov. 27 at 12:39 p.m. She was given oxygen and sent to the Naval hospital.

Grove Church Must Post Bond To Get Planners Permit

SAN DIEGO (CNS)—A special use permit for a Lemon Grove church, including a 90-foot bell tower was approved lately by the County Planning Commission.

The applicant was the First Congregational Church, which plans to build at the northwest corner of Glebe road and Fisher lane.

C. J. Paderewski, architect for the project, told the commissioners that the permit was required because of a change in previous plans, already approved by the commission.

A parking lot was moved, he said, because the church could not afford to improve Fisher lane, as it had previously agreed to do. The parking lot in the previous plan was off Fisher lane. Now it is to face Glebe road.

David K. Speer, county road commissioner, pointed out that the church application shows it intends to use the Fisher lane area for parking at a later date and that the county will not have a chance then to require improving the street.

Sylvester Haehn, who also has property on Fisher lane, said he favored the lane being improved. He added that he would be willing to share the cost and to contribute land for widening the street.

Speer then proposed that the permit be approved on the condition that the church post a bond to guarantee that it will improve the roadway when it uses its Fisher lane frontage for a parking lot. The permit should be approved on the additional condition that right of way on the land be given to the county so it can be widened, Speer recommended.

The vote to approve the permit with the two conditions was unanimous.

SAN DIEGO BUS FARE HIKE OK'D

The California Public Utilities Commission today authorized the San Diego Transit System to raise its fares by canceling tokens, increasing the additional zone fare from seven to eight cents, and raising children's and students' fares from 10 to 15 cents on or after December 11.

The present 25-cent cash fare remains unchanged, as well as the 10-cent shoppers' fare in

TEXAS SENATOR COMING TO SDCS

Tower's talk at the 10 a.m. meeting of the college's Young Republican Club will be public. It is only one of the speeches that he will be making in San Diego that day.

NUMBER ELEVEN — For the eleventh year in a row the L.G. Lions Club share in the upkeep of the plaza in Lemon Grove as Lions Secretary Jesse E. Lee hands a checks for $100 to Mildred Huebsach, plaza upkeep chairman of the Busines Womens League.
The BWL group not only keeps the plaza looking well-manicured all year but they also decorate a huge Christmas tree planted several years ago at the Broadway-Imperial intersection.
The L.G. VFW aid the women in decorating the tree each year and that ceremony will take place this weekend.

Hearings Set For L.G. Light District

SAN DIEGO (CNS) — Two public hearings on proposals for formation of a Lemon Grove Lighting District were called Tuesday by the County Board of Supervisors.

One hearing is to be on the actual formation of the district and the other on formation of a 1911 improvement act district to finance the installation of the lights.

Mrs. Helen Kleckner, clerk to the Board, said the hearing date would be set later this week, but the two hearings will be on the same day.

Plans for formation of the district have met with a number of setbacks, due to the filing of the wrong papers with the county. It was stated last month before Supervisors that the original error was made by San Diego Gas and Electric Co.

West Pointer To Be Speaker At L.G. Rotary

John Schall, an attorney at law and a West Point graduate, will be speaker Monday at the L.G. Rotary club at the regular noon-time meeting.

Schall, who was aide-de-camp to Lt. Gen. Earl Partridge and later Lt. Gen. Donald Putt, both of the Air Forces air research and development command, was one of the few persons to have passed the California Bar prior to having been graduated from law school. He attended Loyola. He resigned an Air Force captaincy to study law.

Schall attracted favorable attention in this area recently when he publicly attacked the communist's viewpoint in connection with the documentary film "Operation Abolition." His speech here will deal with "Civil Liberties, A Conservative View."

He will deal with the 14th amendment to the U. S. Constitution in a provocative, straightforward review of the gradual loss of citizens' rights. He will submit to question following his talk.

LG Boy Navy Photographer At Guam Air Station

The squadron supplies aerial photographic coverage for the Pacific's Seventh Fleet.

Before entering the service in July 1960, Stepek was graduated from Mt. Miguel High School.

Fallout Shelters Ruled Taxable

SAN DIEGO (CNS)—Fallout shelters cannot be taken off the assessed property roles, it was decided Tuesday by the County Board of Supervisors.

The Board action was taken on the recommendation of the county counsel's office, which reported that the shelters constitute real property and the law requires that all real property be assessed.

The county counsel's opinion was given in response to requests from the Federal Housing Administration and local property owners in the county for a cessation of taxes on fallout shelters.

TREE LINED — Lemon Grove's business became a virtual Santa Claus lane this week as glimmering metal Christmas trees were installed atop buildings along Broadway.
While the trees reflected the light of the bright daytime sunshine, strings of multi-colored lights were installed to give the Christmas flavor after dark.
Here, Harry Alexander and Leon Anderson are shown installing one of the metal trees. The project is sponsored by the merchants division of the L.G. C. of C. Alexander and Anderson, Lemon Grove firemen, agreed to handle the installation on off-duty hours.

Helix Senior Class To Present 'Dino,' New York Drama

The scene is set for the Helix senior class play, "Dino," to be presented Dec. 1, 2, 8 and 9 in the Little Theater:

"Overturned garbage cans litter a dark alleyway behind the James Street settlement house in New York City. Lines of limp, gray wash hang from the buildings and television antennas dot the hazy skyline."

"Dino" was written by Emmy award winner Reginald Rose and tells the story of a bitter teenage boy, Dino, played by Elbert Collins, who returns home after four years in reform school. Through the help of social worker, Mr. Sheridan, portrayed by Bob Andrews, Dino comes to see himself as a worthwhile individual. Another person important in Dino's rehabilitation is Shirley Wallace, a plain but understanding and sympathetic young girl who works at the James house. She is portrayed by Bobbi Hartwell, Helix songleader.

Two members of Dino's group are Jackie, a natural comedienne, portrayed by Jo Chihouski, and Della, a cruel person who gets great enjoyment from hurting Shirley, portrayed by Charlyn Helsel.

Dino has many struggles with himself during this time which makes the play moving and forceful, according to Edward Frank, Helix drama teacher and director of the play.

Gunsmoke!

Our roving investigator, Mr. James Spears, the town's only Ford dealer, reported privately and confidentally to us this week on the Chester Bowles promotion. Bowles was recently kicked upstairs from his State Department job only after turning down another job offered him by JFK.

The President had wanted Bowles to take on the chores of assistant to Secretary of the Treasury Douglas Dillon, Spears said. But Bowles turned it down because he couldn't countenance the mental anguish of daily reporting in by telephone and saying, "Mr. Dillon, this is Chester. . . ."

The Way With A Bureau

A couple of splendidly bad examples of why public confidence will continue to sag were given during the past few weeks when two incidents showed that our bureaus are being used against, rather than for, us.

In Sacramento, in mid-November, the state Department of Agriculture announced a price increase on one cent a quart for milk.

Yet, Secretary of Agriculture Orville L. Freeman said in a radio interview Sunday that supply of dairy products is exceeding consumption by such a margin that need for federal controls are indicated. At present, the federal government is buying products to support the price.

Any school child can tell these agencies that the way to further reduce consumption is to raise the cost of the products.

In another instance, a Lemon Grove firm was applying to the Small Business Administration for a loan so that be could continue in business. There is no secret involved in the fact that many business firms in San Diego county are suffering from reduced income and increased outgo. The SBA was devised to help ailing firms survive and expand.

The same week that SBA rejected the local firm's request for a loan of something less than $25,000 the foreign aid boys announced a multi-million dollar gift to one side or the other (maybe to both sides) in Vietnam.

'Running-Motor' Gas Thief Suspect Nailed

A young man whose age is guessed at about thirty-five years by three victims, is wanted by both the County Sheriff's department and the San Diego Police department. Three service stations, the Mobil station at 8181 Broadway, Lemon Grove, Arthur Gillman owner; Calavo Gardens Service Station, Calavo Gardens, Jim Wall owner, and Jewetts Richfield Service Station, Waite Drive and Massachusetts, Lemon Grove, are seeking the driver of a Chevrolet '58 Impala, blue and white or grey and white, and the driver who has visited these three stations, Nov. 25 and Nov. 26.

All of the attendants bilked out of gasoline have reported that the driver roll in, refuses to turn off his engine, with an excuse the battery is dead, or

SNAGGED!

A sheriff's prowl unit gave the running-motor gas bandit his comeuppance Sunday when they apprehended James Ralph Riddles, a dischargee of the county honor camp at Sweetwater Spring rd. and Jamacha blvd.

Riddles, 21, who gave his address as 2673 Mobley st., S.D. admitted the gasoline thefts, the most recent one being the Bud Young Standard Station at Palm and Imperial, L.G.

He also admitted stealing the car he used. He is on probation for auto grand theft.

similar reason, gets a tank full of gas and while the attendant is hanging up the hose, goes into gear and drives off.

Ralph Arthur Gillman's description of the car that came into his Mobil Station tallies with the description given by Jim Wall, 4654 Avocado Blvd., Jack Whitcomb, 8858 Orville, Spring Valley, James Gillman (14), Mrs. Dolores Veronica Gillman and Perry Irickson, who have been victims or witnesses of the hi-jacking. The rundown with Sacramento Motor Vehicle office revealed that the car is registered to Kenneth W. Scott, 5303 Michael st., San Diego, and has been reported stolen to the San Diego Police department.

EX-HUSBAND BOOKED ON "PEACE" COMPLAINT

Mrs. Florence Seren Griggs, 1749 Englewood, Lemon Grove, was not so serene at 10 p.m. Nov. 20 when her former husband William Walton Griggs, no known address, who, she said, came to her home earlier and was causing a disturbance using obscene language and threatening her. She made a citizen's arrest but refused to sign the citizen's arrest form.

Griggs was causing such a disturbance, resisting arrest by the deputy sheriff's answering unit and using obscene language, that he was arrested and taken to the county jail and booked on a disturbance count.

Aide Hired By Sup. Bird

SAN DIEGO (CNS)—Supervisor Robert C. Cozens is looking for an assistant to help him carry out the job of representing the vast Fifth Supervisorial District, and Board Chairman David W. Bird has already hired an aide for work in the slightly geographically smaller Second District, it was learned last week.

Both Bird and Cozens are taking advantage of a never-before-used provision in the charter which authorized a Board member to employ a "confidential investigator."

Such employes are "unclassified," meaning they are not subject to any Civil Service tests and can be picked by the Board member. The salary scale ranges from $616 to $749 per month, and the Board member can set the salary of his aide within that range.

Bird's "confidential investigator," who started work last week is Bob McDonald, longtime local newspaperman and until early this week a public relations employe of the San Diego Harbor Department.

The job description for a Supervisor's helper says he is to represent him at "meetings, conferences and other public contacts," to "interview and give assistance to office callers," and to act as "the official representative of the Supervisor, as directed."

Every Day Is Christmas At Post Office Now

With Thanksgiving a recent memory, the local postmaster said today, "It's Christmas every day in the Post Office from now on."

He offered these helpful hints on how to mail your Christmas cards and gifts to insure prompt and safe delivery before December 25. Use 4c postage on your Christmas cards. Sent by First Class mail, they are sorted and delivered first, and if you include your return address on each envelope, they will be forwarded in the event of a change of address, or if they are undeliverable, they will be returned to you. Also, you can write a personal message on the Christmas cards sent by First Class mail; whereas, only your signature is authorized on cards sent at the 3c, unsealed Third Class rate.

Avoid careless packing of your gifts. Use strong cartons, wrap in heavy paper, and tie with sturdy cord. Mark packages containing breakable gifts, "Fragile" - "Handle With Care." Put an extra label carrying the recipients and senders name and address inside every package.

In conclusion, the Postmaster said, "By taking a little extra care with your Christmas mailings right now, you'll avoid disappointing friends and loved ones. The Post Office is fully prepared for the big Christmas mail rush, but through your cooperation in mailing early and often, as suggested by the National Improved Mail Service program, there'll be less danger of some Christmas cards and packages not being delivered before Christmas."

BLOOD CLEANING CLAIM REJECTED

SAN DIEGO (CNS)—Denial of a claim by a Lemon Grove woman who asked $30 for blood on her carpets was voted Tuesday by the County Board of Supervisors. Ruth E. Dabler sought the sum, blaming the county for damages when suicide homicide victims were removed from 2930 Main st.

Prankster's 'Body' Turned Over To Parents By Sheriff's Men

"How silly can you get?" two sixteen-year-old boys in Monterey Heights are asking themselves, after one of them, playing a prank, laid himself open to a serious accident at 8:40 p.m. Nov. 21 by lying down in the middle of a driving lane at Taft and Canton drive, Lemon Grove.

The sheriff's patrol unit came along and noticed a body in the road. When the car stopped to investigate, the body suddenly came to life and started to run away. His companion, standing on the curb also took off running. The sheriff's deputies had longer legs and apprehended the boys and took them to their parents, who assured the officers such a prank would not occur again. The boys admitted it was a silly thing to do.

NEW MONTE VISTA HIGH BAND WINS DISTINCTION

The Monte Vista high school marching band under the direction of Larry Curtis, got the new school off to an impressive start at the Long Beach All-Western Band Review last weekend. In competition with 68 bands, Monte Vista won:

2nd place in marching ability
2nd place in inspection
3rd place in Division D (bands from schools of 800-1,200 students)
8th in total points

Curtis said that 40 per cent of the band had never marched before. Monte Vista's scoring at the event topped all high school bands in the San Diego area, including El Cajon, Miguel, Grossmont and El Capitan.

The new school got 293.5 out of a possible 300 in marching.

More than 40 Navy ships and aircraft squadrons, and elements of the First Marine Division and Third Marine Aircraft Wing took part in the operation, which featured anti-submarine warfare operations, missile firing, carrier operations and an amphibious assault.

The admiral observed the at sea phase of the exercise from the attack aircraft carrier USS Kitty Hawk and went ashore by helicopter to watch the amphibious landing in the Camp Pendleton area near Oceanside, Calif. It was his first opportunity to see the Pacific Fleet in action since assuming the Navy's top post last August.

1 WOMAN CHEERING SECTION LOSES VOICE

Los Toros football team backer Mrs. Elinor Hammerstein, wife of the owner of Broadway Market in Lemon Grove, lost her voice recently after the Hammersteins accompanied the players to Las Vegas for a series.

It seems that Mrs. Hammerstein cheered for the Los Toros gridders too long and too hard. After her return to Lemon Grove, therefore, she learned all about the arts of gesturing and handwriting because she couldn't get a sound from her throat. That's team spirit for you!

In over-all scoring, the local footballers tied with those in Vegas.

THE CHRISTMAS LOOK IS HERE

It's beginning to look like Christmas in Lemon Grove. Already the annual decorations are being put up, including long, long strings of Christmas tree lights along Broadway, and glinting, silvery trees.

In the very heart of Lemon Grove at the plaza, a tall, majestic Christmas tree soon will be standing with full Christmas ornamentation. At night, a sparkling color combination of green, blue, red, silver, white, gold and other hues will shine from the tree and will be visible for miles.

Many Grovians and Valleyites are embellishing frontyard trees with Christmas tree lights. These together with Yuletide trees seen through front windows are bringing a pervasive look of Christmas to the area.

TRAFFIC SIGN GETS VARIED REACTIONS

Someone said he appreciated the joke that appeared several weeks ago in this column about the Frenchman's reaction to a YIELD traffic sign.

Seeing the sign, the Frenchman stopped his little foreign car, hopped out and bowed deeply while a woman motorist roared by on the cross-street.

So what happened when a visiting Russian saw the YIELD traffic sign and spotted a car coming down the cross-street?

The Russian stopped, got onto the roof of his car, began lighting fire crackers and tossing them toward the car going by on the cross-street.

OUR HIGH SCHOOL BANDS ARE GOOD

The bands of our local high schools have been doing spectacularly. Everyone must have seen the big headline in last week's paper regarding Mt. Miguel's win at Arcadia. Now Monte Vista has come back from the Long Beach All-Western Band Review with extremely high ratings although the school is new and almost half of the members of the band had little previous marching experience.

Monte Vista didn't win at Long Beach. But this school's band did better there than Miguel's group, which won sweepstakes at Arcadia. But Miguel's band probably has the most impressive record of any high school band in the county.

Anyway, both bands are from our area and we're rooting for them.

Now, in regard to football . .

PEE WEE FOOTBALL

Hot Los Toros Gridders Continue Winning Streak

Lemon Grove-Spring Valley "Los Toros" Pee-Wee and Junior Bantam football teams continued their winning streak despite the rain and mud this past weekend. The Junior Bantam's defeated University City 19-6 at Clairemont high field on Saturday afternoon while the Pee Wee's crushed San Dieguito 32-0 at Encinitas on Saturday night. The Midget team scheduled to play La Mesa at Helix Stadium was rained out.

At Clairemont the "Los Toros" Junior Bantams scored first on a two-yard wedge by quarterback Steve Quinn early in the second quarter. After University City scored in the second quarter the game remained deadlocked until the fourth period. Steve Quinn scored again from the one foot line with Tony Lujan adding the extra point. The final touchdown was made by Tony Lujan on a fifteen yard dash late in the fourth quarter.

While the "Los Toros" Pee Wee's were scoring in every period San Dieguito made one first down and never advanced the ball beyond the midfield stripe. In the first period David Zaleckis scored from eleven yards out with Jim Bannister adding the extra point on a quarterback sneak. Gary Gamet swept left end for twenty-five yards in the second quarter for the second LG-SV touchdown. Tom Van Zant scored on end runs of ten and thirty-three yards in the third and fourth quarter. The fourth touchdown was made by John Fung on a six yard smash over left guard with Bannister scoring the extra point.

Sat., Dec. 2 the Midgets and Junior Bantams host Northern at Mt. Miguel stadium with the first game at 1 p.m. The Pee Wee team will play Garden Grove Saturday in the northern city in the Strawberry Bowl.

The teachers extend a cordial invitation to all music lovers of the area to attend. There will be students of piano, accordion and voice from Spring Valley, Lemon Grove, La Mesa and San Diego. Several students will be selected to perform at San Diego State College the latter part of January, 1962.

Mrs. Joan Powers, Spring Valley teacher, announces the following performers: Kathy Wegener, piano; Clifford Sapienza, accordion (he will be accompanied at the piano by Nancy Hollis); Jimmy Graham, piano; Patty Euliss, vocal, and Judy Fink, vocal. The vocalists will be accompanied by Mrs. Powers.

ACTIVE MONTE VISTA KEY CLUB BEGINS SCOREBOARD PROJECT

The new Key Club (junior Kiwanis club) at Monte Vista High School is becoming one of the most active junior clubs in this area, according to its president, Ron Scagliotti. The club's major project at this time is attempting to raise enough funds to put up a basketball score board in the school gymnasium. To help this project along, the club, along with Key clubs from Grossmont, Mt. Miguel and Helix High Schools, are having an "inter-club" dance at College Grove Community Hall on Dec. 1 from 8 p.m. to 12 midnight.

Besides President Scagliotti, other officers of the Monte Vista Key Club are Ron Maki, first vice president; Pat Curren, second vice president; John Melega, treasurer; Dave Sandoval, secretary; Al Rubottom, 10th grade representative; Eddie Lesh, 11th grade representative; Pat Gosselin, 12th grade representative; Danny Verdugo and Clint Spooner, social chairmen.

The new M. V. Key Club now boasts a membership of 63 and for the present, at least.

COFFEE WILL BE FOR AVONDALE AREA

All parents in the Avondale school area who have a child going to La Mesa High, are invited to attend a coffee being hostessed by Lois Larsen. This coffee will be served at Avondale School on Nov. 30 at 1:30 p.m.

The purpose of this informal gathering is to give you the opportunity to meet Mr. Neff, principal of La Mesa Junior High and Miss Sinclair, seventh grade counselor for the school.

AVONDALE PTA BOARD TO MEET

Ese executive board of Avondale's PTA will meet on December 5 at 7:30 p.m. in the teacher's lunchroom at Avondale. It is important for all board members to be there.

HERE'S THE DEFENSE THAT ISN'T NEEDED

Last week an article appeared in another newspaper putting PTA's "on the frying pan." As a matter of fact, this same gentleman has fried just about everything he can think of from women teachers to parents, mothers in particular. He is constantly sending us home to bake bread or rolls. Anyone who knows the fine work that PTA's do, realize no defense is needed, but I have been called on to do something about this situation, so here goes.

All PTA's have a strict policy of non-interference in school policies or procedures. If an individual parent voices an opinion you can't blame that on anyone but that individual, who is usually not a PTA member. As far as PTA's being a social function, in a way it is. When the jobs are done, is there something wrong with having a cup of coffee with the people you've been working with?

American mothers decided long ago that it was time to bake one less loaf of bread a week, and take that time to stop their children from being exploited in the world of business. They saw to it that laws were passed which prohibited man from overworking and underpaying their children. They also saw to it that juvenile courts were started, so that youngsters did not have to consort with adult criminals. (Please don't say there are no juvenile offenders in your country).

Milk, hot lunches, shoes, dental and medical care are provided for children whose parents can not afford it, through your PTA's. Our children's lives are made that much safer because fathers giving their time to inspect bicycles and teach safe riding. This too is a PTA project.

FIRST DUTY IS HOME

A woman's first duty is to her home and family. No one disputes that, but if you put all women back in their homes how do you think hospital patients will feel when told their nurses are home baking rolls? Would our homes still be here if women hadn't put on uniforms and released men for active duty during World War 2? Is a widow to tell her children they're hungry because it is unfeminine to earn a living?

Our PTA's give parents an outlet for excess energy and creative abilities, while keeping them out of harm's way. If it is wrong to belong to a group which does so much good; or if it's wrong for women to go out into the world to seek ways of keeping the children they bear and raise from being fed into man-made war machines, then sir, I have no qualms about saying there are thousands, myself included, who are proud to be wrong.

DISTRICT PLANS BELATED VICTORY DINNER

Representatives of the La Presa County Water District reported that the victory dinner planned for those who worked so hard in the past election campaign, will now be able to take place. The plans were put off when Fred Hansen took sick, and then left on his vacation. Watch your mailboxes.

YOUNT JOINS STAFF OF FOOTHILLS METHODIS'

The rapidly expanding congregation at Foothills Methodist Church has made it necessary to use the services of Mrs. Emma Yount as a part-time church visitor. Mrs. Yount has performed similar duties for the Methodist Church in Dacatur, Ill.

The addition of the church visitor to the Foothills Methodist staff is another step in providing a stronger membership and evangelistic outreach in the church, says Rev. James King, pastor.

Legacy Of Nazareth Sermons Continue

This Sunday's "Good News" is the second sermon in the Vista La Mesa Christian Church Legacy of Nazareth series, Rev. Richard G. Davis has announced.

"News" comes from the old English word, "newes," which means novelties, according to Rev. Davis. He adds that the novelty of Nazareth has not worn away except to become more gloriously unbelievable.

Sunday worship is at 9:45 and 11 a.m. Church school is at 8:45 and 9:45 a.m. Evening youth meetings are at 6:30.

God Cause And Creator Says Sermon

Spiritual understanding of God's creation helps man meet everyday problems. This is a leading point of the Lesson Sermon entitled "God the Only Cause and Creator" to be heard in all Christian Science churches Sunday.

As recorded in Matthew's Gospel (8;6-8, 13), Jesus said to the centurion whose servant was "at home sick of the palsy, grievously tormented. . . I will come and heal him. The centurion answered and said Lord, I am not worthy that thou shouldest come under my roof: but speak the word only, and my servant shall be healed . . And Jesus said unto the centurion, Go thy way; and as thou hast believed, so be it done unto thee. And his servant was healed in the selfsame hour."

The DIMMER VIEW

(Continued)

is beginning to attract favorable attention. The study was presented just last month to the Governor's Welfare Study Commission in Los Angeles.

The recommendations are similar to those for which S.D. County Prosecuting Attorney Don Keller was berated by the welfare people earlier this year.

Some restrictions suggested in the study were:

1. **eliminate open-end appropriations**
2. **elect, rather than appoint, state welfare board members**
3. **replace fluctuating grants with flat grants.**

One of the complaints is that the Welfare Code of 1½ million words and weighing 49 pounds, is in a constant state of flux. It should be simplified and stabilized!

The Tulare report shows that welfare recipients have grown six times as fast as the population of the state over the past 21 years. This is proof that the public trough is comfortable and easy to get to.

D. A. Don Keller additionally has called for Aid To Needy Children recipients to waive the privilege of testimony in failure-to-provide cases in an attempt to halt non-providing fathers who sneak home for marital privileges during the week-end.

The Tulare study also calls for better legislative control over welfare appropriations, a condition that has long since gotten out of hand.

While it is almost inconceivable that a grand jury needed to meet to recognize the reckless abandon with which the welfare program is administered, it is heartening that opinion is beginning to crystalize against the open-vault concept now in practice.

It should not go without notice that in S.D. last week Local 5691 of the International Brotherhood of Electrical Workers, protested the amount of taxes being spent on the county's welfare program.

"We feel," the Brotherhood said almost naively, "that there is still a great amount of abuse and fraud being perpetrated in our welfare program."

To which we add "Amen!"

We Are Brave and Intelligent. Let's Act Like It!

It is not easy to look at the world nuclear hazard sanely what with all the mis-information and lack of information we are subjected to. This is not intended to belittle the valient effort being made by persons at the local level to bring some sort of order out of chaos.

But let's face it. To date there has been no answer to the dangers of nuclear warfare. Fallout shelters will be ineffectual against a nuclear blast because of the horrible fire-ball characteristics. Fallout shelters will protect against fallout, but protection against the fireball is impossible.

Russia has detonated a 50 megaton nuclear device. At least two men in high government have said that we carry that much and more beneath the wings of our B52 bombers.

Fifty megatons may be the optimum in nuclear circles but it certainly isn't the limit. It is not inconceivable that a 5,000 megaton device could be exploded from a height of 200 miles. This would destroy every living thing in a quarter of any continent.

Therefore, shelters are not the answer. We must have world nuclear supremacy and we must convince the soviets and the leaders of Red China that we will not wait until we are attacked before we drop it.

There is one way to convince them that we mean business and that is to act like a nation that means business. We can slap economic sanctions against those nations accepting our gratuities and playing tootsie with the reds. We can stick a shaving brush in the mouth of inept politicians like Congressman Soapy Williams and Quipmaster Adlai Stevenson. We can replace that odd breed of red-tinged cats that have attached themselves to the State department, and as important as anything, we can restudy the Constitution of the United States and let it again direct us down the proper path of national integrity, unshakable faith and indomitable courage.

We are a brave and intelligent people. Let's act like it!

Jim Bear, Attorney Is Candidate For Assembly

Jim Bear, Spring Valley attorney who also maintains a law office in National City and operates the Bear State restaurant in Lemon Grove, announced this week that he would seek the assembly seat in the new 77th Assembly District which includes Lemon Grove and Spring Valley.

Bear said a vigorous campaign will be waged on the issues of:

1. More jobs through maximum development of San Diego harbor.
2. Better highways for the district.
3. State financial help for junior colleges.
4. Encouragement and promotion of jobs for people over 45.
5. Emphasis on continued improvement of our schools, including teaching of the menace of communism.
6. Expansions of recreational facilities, including beaches and parks.
7. No new taxes.

Bear listed his qualities of leadership as:

1. Vice - chairman of the Democratic party in San Diego.
2. State vice-president of the California Young Democrats.
3. President of the National City Democratic Club.
4. Organizer of Democratic Clubs in Spring Valley, Imperial Beach, Otay, National City, and the South Bay Young Democrats.

Bear pointed out that he has always won in the precincts throughout the South Bay area. "Under the new reapportionment such Democratic areas as National City, Spring Valley and Lemon Grove have been added to the District. There is now a majority of 16,000 more Democrats registered than Republicans. Both incumbent Assemblyman, Republican Jack Schrade and Democrat Sheridan Hegland, are candidates for different offices. We must make certain that the new Assemblyman from the Suburban Southland will be an effective spokesman for our needs," Bear said.

Youth Fellowship Club Gets School District Okay

Youth Fellowship clubs sponsored by the Youth for Christ organization will continue to meet in Grossmont district high schools as a result of a decision reached by the governing board Monday evening.

Violation of the school regulation prohibiting religious activities by the group in accordance with the Education Code and a County Counsel ruling was reported in a local newspaper last week. Superintendent Lewis Smith indicated the clubs had been permitted to meet on school campus with the understanding that activities would be limited to those of a moral or character building nature. Smith also indicated the clubs had been improperly supervised and that frequent minor violations of the prohibition against the religious element had not been enforced.

The Reverend Gene French director of Youth for Christ organization, in making a plea to the Board to permit clubs to continue in operation pointed out that they had been operating without problems or protests for a number of years. He also indicated that the clubs would conform to whatever regulations were established by the school according to the prohibitions in the Education Code and the County Counsel opinion.

Explosives makers might use boron in their products to help the airlines find "luggage bombs." The Atomic Energy Commission reports boron could be detected by special machines at luggage counters. One problem: baby powder contains boron, and some mothers with children would be needlessly delayed. . .

Baby Okay After Fall Into Empty Pool; Parents Thank Deputies

Lisa Marie Del Nero, 21-month-old daughter of Mr. and Mrs. Joseph Del Nero, 3820 Pinto dr., Spring Valley, was the cause of her parents having the most wonderful Thanksgiving Day in their lives, they told a reporter for this newspaper.

For Lisa was home again after having lain unconscious for five hours and being on the critically ill list for 12 hours after a fall into the empty swimming pool at her parents' home, from the diving board on Nov. 17. Lisa is out of danger, and although being checked every three days by Dr. Lewis Michaelson who by his quick thinking pulled Lisa out of her convulsive condition, bids fair to have no ill after effects from her experience.

Mrs. Del Nero says that no praise was too high to give to the members of the sheriff's department who ressponded to her call. The promptness with which they answered and took her baby to the hospital, the tenderness with which they handled her and ministered to her in the patrol car, even giving mouth to mouth respiration to try to keep her conscious, Mrs. Del Nero says, she believes helped to keep the baby alive until physicians' services could be administered.

FIRST QUARTER REPORT

Local Junior High Schools Reveal Their Top Students

Report cards for the first quarter at Lemon Grove Junior High held no terrors for many students, according to Robert Sutton, principal. In both the seventh and eighth grades, top pupils earned top grades in scholastic endeavors and in citizenship.

To qualify for "A" honor roll, students must have all "A" grades in subject courses. Five seventh graders and 12 members of the eighth grade class qualified for this high rating with solid A's. They include:

"B" HONOR ROLL

An even large number of pupils, 82, qualified for the "B" honor roll which demands a B average in all regular subjects.

Sutton stated that large membership in the Gold Citizenship Club, 79, indicated a high caliber student body this year. To qualify, a pupil must receive an A in citizenship from each of his teachers. Seventh graders who gained membership include:

Palm Junior High Reports Standings

One hundred students at Palm Junior High School gained honors at the close of the first quarter, according to Harold H. Brogan, principal.

Junior Theatre's 3-Act Comedy Begins Dec. 1

The La Mesa Junior Theatre, teen division, sponsored by the La Mesa Recreation-Park department is sponsoring "17 is Teriffic," a three-act comedy by Esther E. Olson.

Setting:

Chuck had to borrow the car that afternoon—you just can't ask a girl like Ginny to walk to a roller skating party! But Dad, growling that it had queered a business deal, cancelled his allowance for two weeks. Yes—even with the Spring Dance coming, and Hugo with his red jalopy trying to date Ginny! Now raising $5 might seem like a small matter to some, but to Chuck Allenby it is practically a matter of life and death. If there is $5 in the world, he's got to get it within the next two weeks—and how!!!

'BB Snipers' Get 18 Months Sentence

The "BB Snipers" of east county, who racked up more than $6,000 worth of damage to local residents' windows, will have 18 months in the County Road Camp to contemplate their crimes.

Judge Fenton R. Garfield of the El Cajon Municipal Court sentenced the three young men after they had been convicted of shooting out windows of stores, residences and auto during a 24-hour spree along the streets of Lemon Grove, Spring Valley and El Cajon.

David Lawrence George, a cook, 18, of 9039 San Cristobal rd., Casa de Oro; Frank James Ogden, a cook, 20, and David Faye Petty, a receiving clerk, 20, the latter two of El Cajon, were the "snipers" sentenced. A 17-year-old Spring Valley boy will have his case considered by the Juvenile Courts.

Another youth, not employed, said his reason for joining the trio was because he was "mad at the police."

The youths were apprehended after Tom Parks, assistant city manager of the city of El Cajon observed four youths in a car ahead of him acting suspicious. He gave the auto license number to police.

Grossmont High School, College Districts Establish Patriotic Observance Rules

Board regulations for daily patriotic observance in the Grossmont Union High School and Grossmont Junior College Districts were established on Monday evening. This action came after a report on experience in district schools since last June with suggestions from students and teachers for daily patriotic observances.

The purpose of the activities associated with daily patriotic observance is to improve student understanding of our form of government and the privileges we enjoy, and to inculcate loyalty and respect for the flag as a symbol of the country and its people. The revised regulations as adopted provide for:

1. A dignified ceremony for raising of the flag including recitation of flag salute or Pledge of Allegiance by the cadet corps and any students in the immediate vicinity. This may be accompanied occasionally by appropriate music.
2. The flag salute in each period one or roll period class at least once each week.
3. On other school days there shall be the flag salute or some other appropriate patriotic observance in each period one or roll period class such as
   a) Readings from the Constitution, the Declaration of Independence, and the Bill of Rights.
   b) A quote from an outstanding historical person or event which emphasizes our American heritage.
   c) Reviewing the music of our National Anthem and other patriotic numbers.
   d) Presentations of events from the lives of famous Americans.
   e) Appropriate observance of all national holidays.

The Navy's Pacific Amphibious Force is a highly mobile force which can launch a sea and airborne assault against an enemy-held area anywhere in the Pacific area.

Torbett, at 3:20 p.m. on a charge of contributing to the delinquency of a minor girl. A warrant for her arrest had been issued out of the El Cajon Municipal Court by Judge Fenton Garfield. Bail at first was set at $2,500 plus $125 penalty assessment, but at the time of trial setting Nov. 24, bail was reduced to $1,050. The trial is being held this week in the El Cajon court.

TRAPPED BY PURSE BAIT

A clever ruse thought up by Principal Virgil Duea of Mt. Miguel High School trapped several teen-age girls after the purse of a student had been taken in the rest room of the school library. One of the girls was carrying the lost purse, but claimed she had found it in the yard with glasses worth $67 and $13 in cash.

The dummy which had been set up by the principal was seen taken by the two students in the presence of another who had been set to watch the rest room.

SHEPHERD DOG SHOT

William Silverthorn, 8345 Golden ave., L.G., a sales driver, reported that his German shepherd dog had been shot Nov. 27. He named a suspect who lives nearby. A boy, Mark Montgomery, 10, 8417 Roy st., Lemon Grove told investigating sheriff's deputies he saw the dog shot a few doors south of his master's home and that the suspect had later asked "who shot the dog?" Investigators reported fifteen or more small children in the immediate neighborhood making the use of firearms extremely hazardous.

SNOOKER SNEAKER

Garland Thomas Joseph, 2934 Helix st., Spring Valley, reported to the sheriff's department that an unknown broke into his garage and entered an adjoining room the night of Nov. 24 and helped themselves to two pol cues and a pool ball. A contemptuous gesture by the thief was made by piling trash, tumbleweeds and the dog's blanket in the middle of the pool table.

TRY A POPSI

Now it is soft drink bottles as targets at the automobile windows instead of BB pellets, according to a report from Billy Ray Hilton, 4051 Charles st., Lemon Grove. Hilton told sheriff's deputies that he saw a car drive by his residence at 9:15 p.m. Nov. 25, and then he heard a crash and splintering of glass. Investigating he found that a bottle had been hurled at the rear window of his Chevrolet sedan parked in front of his residence.

DOUBLE PLAY

A purse belonging to Yolanda R. Jones, 7437 Tracy, Lemon Grove, wandered from under the cash register of the Sprouse Reitz Variety Store on Broadway in Lemon Grove, and turned up in the hands of the manager of the Food Basket on Imperial avenue, Lemon Grove.

Twenty dollars in cash was gone, but her identification papers were intact. Mrs. Jones, a cashier at the store, said the purse had been placed in an unlocked cabinet below the cash register while she was away from it for a few moments The theft took place between 11:55 a.m. and 12:05 p.m. on Nov. 26.

SCRAMBLED

Mrs. Lucy Wright, 10510 Campo rd., Spring Valley, desires reimbursement for the costs of removing stains and repairing damage to her house that resulted from unknown persons throwing eggs at her front door and into her yard last week.

VALLEY BUSINESS, PROFESSIONAL CLUB TO KEEP MEETING

The Spring Valley Business and Professional Persons Club at its Monday meeting, decided to continue the meetings each month, but there will be no December meeting.

Frank Berger, president, stated that the next meeting of the club will be Jan. 16 in the Chamber of Commerce hall. He said that at that meeting there will be a workshop where members can air their business or professional problems. These problems will be discussed and advice given by other members who may have had the same type of problems in their own business or profession.

President Berger said that the club, before the next meeting will send out a thumb-nail sketch of the club's minutes to all business and professional persons of the Spring Valley area. He urges all to think seriously about the club and try to attend the January meeting.

Lamp Shade Expert Opens Furniture Shop Here

An area woman who attracted much attention in the east county because of classes she conducted in lamp shade designing is holding a month-long opening celebration of her Maple Shop in Lemon Grove.

The woman, Mrs. Louise Warren, has just opened Warren's Maple Shop at 7907 Broadway, near the L.G. Post Office. Her shop will specialize in early American styles of birch and maple furniture and appurtenances.

One of the operational features is that Mrs. Warren personally selects the merchandise from the markets at the source of manufacture. She says this permits the offering of unusual items and below-the-normal prices. While the shop is well stocked, no item is inaccessible since she will obtain it on short notice. Additionally, she offers decorative counsel for those whwo want to turn toward the early-American motif. The shop's displays are arranged to give ideas. Lamps, in a wide variety, including pole, floor, wall and tablestyles are displayed in wide profusion. Floor coverings, including the popular wool braids, are handled by the shop.

"Our pieces are all typical of the western home," she said, "and with birch and maple, there's an added value. The older it becomes the prettier it gets."

The Warrens have been identified with furniture in San Diego since 1929. The shop was in La Mesa since 1955 until it moved here.

The shop's reputation, she said, is built on service.

As an unusual feature of the operation, Mrs. Warren designs canopy bed spreads for her clientele.

Around Our Valley:

News and Views from Spring Valley

By Tommy Thomas

Senior Citizens Group May Form

For several months there has been discussion Around Our Valley about forming a Senior Citizens group. In fact, on more than one occasion, some of these people have been entertained by the Spring Valley Woman's Club and other local organizations. In my own opinion, an organization of this kind in this area would be a great benefit to many retired persons; there would be plenty of activities going on to keep a person's mind occupied.

The Senior Citizen's move was discussed at some length Monday night at the Chamber of Commerce meeting, and president Chet Smith appointed a committee to make a study of the local needs and what can be done about them. Some people are of the opinion that the S.V. Chamber of Commerce grounds could be made into a park and recreation grounds, whereby many of the local oldsters and youngsters, as well, could reap a great deal of pleasure.

But a committee or even an organization cannot handle a project alone. It takes the cooperation of everyone in the area. What are your thoughts on the subject of a local Senior Citizens organization? Let us know about your opinions. You can phone me at HO 6-6423 and I'll let the proper people know how you feel.

S.V. KIWANIS HOLD THANKSGIVING PROGRAM

I had the privilege of attending last week's breakfast-meeting of the Spring Valley Kiwanis Club and was thrilled with their Thanksgiving program. It was simple but to the point. Three local pastors, Rev. Keith Mitchell of the Trinity Presbyterian Church; Rev. Lewis Ginn of the Bancroft Baptist Church, and Rev. John Kerr of the Shepherd of the Valley Lutheran Church all gave a few words on thankfulness.

The members were divided into groups and each group was to tell their reasons of being thankful at this (and other) time of the year. A summary of the ideas indicated that "being an American" and able to use the freedoms of the country was a most outstanding item for which to be thankful. And being able to live in such a part of the nation as our own locality was also given as something for which we should all be thankful.

It was pointed out that we should not only exercise our own freedom but should let others know about these freedoms. "A wise conclusion," I thought.

—o—

"We're sorry to lose you," and "We welcome you." Sounds rather involved, doesn't it? Not too much. You see, Mr. and Mrs. W. D. Wilhelmi, of 10182 Del Rio Rd. (he's with the S.V.P.O.) have sold their home and are moving into a trailer at Vita Springs out on Highway 94.

The Wilhelmi home has been sold by Charles Middleton (with Chet Smith Co.) to a Miss Charlene Lamans, a teacher at the new Grossmont Junior College. Miss Lamans is from Oklahoma.

—o—

And speaking of Charles Middleton, he was in Showlow, Ariz. over the weekend where he saw plenty of snow. He indicated he was glad to get back to Spring Valley even though we had a bit of frost.

LAWTONS RETURN

Also coming home recently were Mr. and Mrs. (L. D. and Vivian) Lawton of south Spring Valley (he is assistant fire chief) and Jr. and Sr. True Butler. True Jr., also on the fire department, lives on Olive drive. All were on a deer hunting trip to Colorado and brought back four deer. They hunted on a big ranch at an altitude of about 9,000 feet. Chief Lawton said despite the extremely cold weather that area was overcrowded with hunters. He said he saw several carloads of deer and elk being hauled away. But what amazed him most was seeing a hunter bring in a 450 pound black bear. He said nearly every camp had elk. And speaking of the Colorado weather, Chief Lawton said there was lots of snow and a frozen creek, right at the "front door."

—o—

Mr. and Mrs. (Chet and Venus) Smith, over on Central avenue, last week entertained out-of-town visitors. They were Mr. and Mrs. H. Roy Austin from Akron, Ohio. Mr. Austin, who is 80 years young, has been an insurance agent for many years and still works at it. He just recently resigned from teaching a Sunday School class at his church, which is the Trinity Lutheran Church of Akron. But, he still sings in the choir, and has been for the past 66 years.

Mr. and Mrs. Austin loved Our Valley. They have been married for 48 years, and said they would like to celebrate their "Golden Wedding Anniversary" right here.

—o—

Have you cut down your quota of tumble weeds for the week? I hope so. Have to hand it to the County and State Road Departments. They are at their task of helping us get rid of those pesky weeds along the rights of way.

—o—

Don't forget the North Park Toyland parade this Sunday. Get out and give a big hand to Spring Valley with its float, "New Horizons."

—o—

Two wedding anniversaries reported for the week of November 26-December 2.

Nov. 26 Mr. and Mrs. (John and Dorothy) Mulder, 2411 Central, their 31st. Married in Minnesota, they have been here seven years.

Nov. 30. Mr. and Mrs. (Allen and Viola) Johnston, 10303 Don Pico Court, their 28th. Married in Rochester, New York, they have been here 20 years.
